

## ENVIRONMENTAL POLICY STATEMENT

Applied Component Technology is committed to complying with the requirements of ISO14001:2015 and accepted environmental practices, including the commitment to meet or exceed applicable statutory, legal, compliance or other defined obligations. The ACT Management Team has committed to continually improve the Environmental Management System (EMS) and make changes as necessary to enhance environmental performance and achieve this objective.

It is the policy of ACT to: -

- To continually monitor, improve and develop the implemented EMS to support the context of ACT and our strategic direction including the environmental impacts of our products or services
- To use this policy to provide a framework for setting and reviewing environmental objectives and targets through the determination of measurable aspects to assure and continually improve the effectiveness and efficiency of our processes
- Commit to the protection of the Environment, including the prevention of pollution
- Identify any further commitments relevant to ACT and its context
- Manage, evaluate and develop all resources needed to achieve the objectives of ACT and our customers
- Communicate this policy to all ACT staff and provide access to this policy for all interested parties
- Periodically review this policy for continued relevance to ACT and its strategic direction

ACT commit to:-

- Reduce, reuse and recycle waste and packaging
- Improve the efficiency of energy waste
